

DARLING MATTRESS CO., LTD.

SINCE 1961
THAILAND

Why Darling Mattress is Different from other brands?

- Our spring coils are made from high tensile strength and anti-corrosion coated wire through precompression process, preventing sagging problem and providing the supreme support.
- With Darling Mattress's back support care system™ our pocketed coil spring system is originally designed by swiss technology, which composes of 7-8 spring wire turns with genuine barrel shape for more capabilities to respond to the weight applied independently know as 'motion seperation'. every toss and turn disturbance, therefore, are fully minimized.
- The designs of mattress edge and corner are fully utilised for mattress surface including toss and turn as well as sitting positions.
- The upholstery layers are well selected for providing relief of your body stress and tensions.
- Throughout professional experiences in bedding industry for more than a half century, we have been insisting to develop and integrated only state-of-the-art technology and machinery from europe, usa and aboard as well as delicate craftsmanship to merely product the highest quality hotel mattresses, resulting wom (word-of-mouth) reputations among hotel industry.
